2024 Scholarship Applications Online
Deadline to apply with all supporting documents is March 4, 2024

Glendale, California — Students seeking scholarships from the Community Foundation of the Verdugos (CFV) can review available awards and requirements by going to www.cfverdugos.org.

Scholarship applications will only be accepted online and information about this is also on the CFV’s website. Students, parents, and educators must note that any supporting documents such as academic transcripts or requests for letters of recommendation must be submitted with the online application by the deadline date of March 4, 2024. “Because scholarship applications must be fully complete with all attachments by the deadline date, we urge students to begin now with securing these items,” said CFV Controller Julie Burg. Please email Julie at julie@cfverdugos.org with questions or call 818-241-8040.

The majority of scholarship awards are for graduating high school seniors from Burbank, Glendale, and the Foothill Communities of La Crescenta, La Canada-Flintridge, Montrose and Verdugo City. There are a limited number of awards for Glendale Community College students. Visit the Scholarship Office on the GCC campus or contact them at **(818) 240-1000 ext. 5591** for more information.

The CFV is a nonprofit that manages donor funds; scholarship funds set up by individuals, groups, companies or the CFV provide the source for these awards. Anyone interested in opening a scholarship or donor advised fund may contact the CFV for more information.
